12/17/04 I02-11-040 Order Instituting Investigation into the Gas Market Activities of Southern California Gas Company, San Diego Gas & Electric Company, Southwest Gas Company, Pacific Gas and Electric Company, and Southern California Edison Company and their impact on the Gas Price Spikes experienced at the California Border from March 2000 through May 2001.

**Summary:** On December 14, 2004, Mark Pocta, Program Manager with the Office of Ratepayer Advocates (ORA), met with Cmmr. Wood in an all-party meeting in San Francisco. Also present were Steven Weissman, advisor to Cmmr. Wood, Belinda Gatti, advisor to Cmmr. Brown, Jacqueline Greig of the ORA, James Loewen and Richard Myers of the Energy Division, Bill Reed, Michael Thorpe, Marzia Zafar, Jim Harrigan and Lad Lorenz of San Diego Gas & Electric Company (SDG&E) and Southern California Gas Company (SoCalGas), Steven Levine, Henry Wessmann, and Colin Cushnie of Southern California Edison Company (SCE), and Marcel Hawiger of The Utility Reform Network. Referring to the ORA's understanding of the manner in which the Commission has traditionally evaluated the reasonableness of utilities actions and operations, Pocta stated that he generally agreed with the definition provided by SoCalGas/SDG&E and SCE, in that the utility actions are evaluated in terms of how they

acted at the time that a decision was made given what was known at the time that a decision was made. In order to clarify some issues regarding gas prices discussed by SoCalGas/SDG&E and SCE, Pocha stated that gas prices began to spike in late November 2000 in the day market increasing well beyond the November bid week price.

**Summary:** On December 14, 2004, Bill Reed, Senior Vice President of Regulatory and Strategic Planning, Southern California Gas Company, met with Cmmr. Wood in an all-party meeting in San Francisco. A list of the attendees is attached to the notice. Exhibit 124 and excerpts of Edison's December 10<sup>th</sup> testimony, which are in the public record in this proceeding, were discussed. Reed explained that Edison's case is nothing but a fiction story made up of bits and pieces of the words taken out of context. Reed discussed the 429 Bcf of supply and demand shocks and questioned whether 5.6 Bcf which is less than 1% of the total can be the cause of the energy crisis.

**Summary: LATE FILED.** On December 10, 2004, Henry Weissmann, attorney for Southern California Edison Company (SCE), met with Cmmr. Brown in San Francisco. Also present were Peter Hanson and Belinda Gatti, advisors to Cmmr. Brown, and Bruce C. Foster, Vice President, and Colin E. Cushnie, Director of Regulatory Affairs, for SCE. Written materials (attached to the notice) were used. SCE's representatives discussed the proposed decision (PD) of ALJ TerKeurst. SCE representatives noted that SCE's interest in this proceeding was to identify any harm inflicted on its customers during the investigation period and to ensure that a reasonable market structure for the transportation, storage, and delivery of natural gas is maintained in southern California. SCE explained that the price of natural gas is a significant contributor to the cost of SCE's Qualifying Facilities contracts, allocated California Department of Water Resources contracts, and the price of electricity purchased from the energy markets or generated by SCE's gas-fired contract resources. SCE's representatives explained that the record in the proceeding demonstrated that Southern California Gas Company deliberately took actions to raise the market price of natural gas to benefit its shareholders. SCE's representatives requested that the Commission support the PD.

Pacific Gas and Electric Company, for authority to True-up its Cost of Capital for 2004 and to Establish its Authorized Cost of Capital for 2005.

**Summary: LATE FILED.** On December 14, 2004, Jennifer Dowdell, Manager, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Julie Fitch, advisor to Cmmr. Peevey, in San Francisco. Also present were Richard Patterson, Manager Finance, and Shirley Woo, Attorney, for PG&E. Woo stated that given PG&E and Southern California Edison Company were similar utilities with similar credit ratings, PG&E should not receive a lower allowed rate of return (ROE). Patterson stated that past differences between the utilities' ROEs were the result of different regulatory mechanisms. Patterson also stated that requiring the utility to meet specific credit quality ratios could result in unnecessary rate increases.

	A02-03-002	XO California, Inc. (U 5553 C), for the Commission to Re-Examine the Recurring Costs of DS1 and DS3 Unbundled Network Element Loops provided by Pacific Bell Telephone Company, as and for the Commission's Second Triennial Review of Recurring Unbundled Network Element Costs pursuant to Ordering Paragraph 11 of D99-11-050.

**Summary:** On December 20, 2004, Sarah DeYoung, Executive Director of the California Association of Competitive Telecommunications Company (CalTel), met with Lester Wong, advisor to Cmmr. Peevey, in San Francisco. Also present were Peter Hanson and Aram Shumavon, advisors to Cmmr. Brown, and Joseph Faber, counsel to CalTel. CalTel representatives discussed the true-up phase of this proceeding and explained that it had tried working with SBC California on a true-up settlement for competitive local exchange carriers, including CalTel members, but that such a settlement had not yet been achieved. Representatives from CalTel discussed why a settlement was in the best interests of the parties, including SBC CA, and sought the Commission's assistance in achieving a fair resolution, without conditioning any party's settlement with SBC on whether or not SBC was able to achieve settlement with any other party.
